

Notice to all Stanley Park Lawn Bowling Club (Calgary) members:

July 22, 2011

As most of you are probably aware, for some time now, we have been in the process of designing and raising funds for our proposed 2nd green. We are finally ready to proceed!

Our first application to build, was for a location to the south (same side as the Maintenance shed). This was initially approved, but upon reflection and comments from the area, Parks reversed its' decision, feeling it would impact Stanley Park green space too much. Now, we are choosing to locate the green to the west (directly opposite the Patio) where park space will be less disrupted.

In order to complete the final step, we will be holding Open House Information sessions in August for 2 days - August 23rd and 24th - from 2 to 8 pm, at the club. Invitations will be sent to both adjacent and outlying communities as well as various Park sport user groups. BOLD signs will be placed in 7 areas nearby, inviting interested parties to attend and comment on this project. Your comments are most welcome too.

Hopefully, the sod turning will be this Fall, with construction commencing fully in the Spring of 2012.

If you have any questions or concerns, please contact us.
